MEMORANDUM FOR: Director, Central Intelligence Agency

Subject: Draft Terms of Reference - NATO Standing Group Intelligence Estimate - (SG 161/13)

Reference: "Agreed Procedures for U.S. Participation in NATO Standing Group Intelligence Estimate" signed by Donald A. Quarles and Allen W. Dulles

Enclosure: Draft "Terms of Reference"

1. It will be necessary in March of 1960 to prepare a new NATO Standing Group Intelligence Estimate (SG-161/13) covering the period 1960 through 1964 and where feasible through 1966. This estimate will provide:

- a. The Standing Group with an intelligence estimate on which to base NATO planning;
- b. Major NATO commanders with intelligence guidance on which to base their defense plans and force requirements;
- c. NATO nations with military intelligence.

2. The enclosed Terms of Reference are proposed for preparation of the U. S. position paper. While providing for much of the same type of material as SG 161/12, these Terms of Reference present some changes in format and are essentially the Terms of Reference proposed by the NATO Standing Group.

3. Both the British and the French have recommended a new approach to the "campaigns" part of the estimate (Part III) and the draft Terms of Reference for the U. S. position paper generally coincides with their recommendations.

4. Your early comments on the enclosed draft Terms of Reference would be appreciated.

JCS and DIA review(s) completed.
